

ARRAY

PULL-DOWN RECESSED MULTIPLE

QUIETLY PROFOUND

CREATED BY SOLAIS

SOLAIS[®] introduces

ARRAY

POWERED BY LUCIE

FIT FOR EVERY AESTHETIC

The beauty of a well-designed fixture is found in its ability to heighten its surroundings without creating discord. The Array™ family of multiples accomplishes this by placing powerful subtlety at the forefront of design. The Array™ blends with the sensibilities of any space — an optimal fixture across the board.

Contemporary profiles and modern, minimalist aesthetics meet a level of functionality befitting anything from the most utilitarian to the most ornamental of spaces. Powered by our modular Lucie™ light engines, the Array™ pull-down family from Solais® is a set of multiples that exude excellence through and through.

Ratings + Certifications

- IC rated
- IP20 and IK08 rated
- UL listed for dry locations (E486938)
- Chicago Plenum rated
- Contains no lead or mercury

Where **light** leads to richness

INSTALLATION OPTIONS

Inherently a remodel fixture, a new construction tray with a preinstalled whip and option for commercial mounting brackets, featuring both vertical and horizontal adjustment, provides ease of installation.

APPLICATION VERSATILITY

Trim options include open and beveled slotted styles with choices of flanged, microflanged, and flangeless installations.

SELF-ADJUSTING COLLARS

The collar features two to four tabs that self-compress with the twist of a Phillips screw, allowing even more versatility in ceiling thickness applications from $\frac{1}{2}$ " to $1\frac{1}{4}$ ". A perfect solution for gypsum, millwork, T-bar, and specialty ceiling applications.

PROPRIETARY POWER SUPPLY

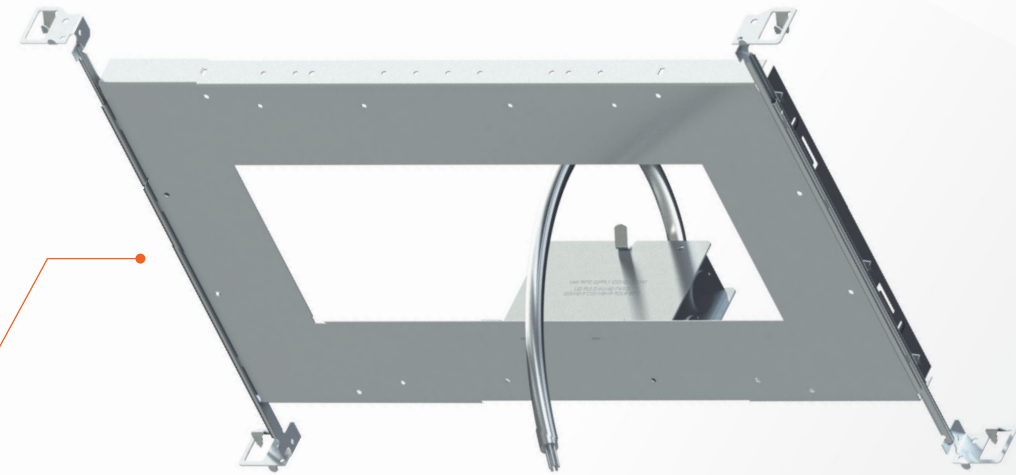

Solais' universal 120-277V input driver provides TRIAC, ELV or 0-10V smooth, flicker-free dimming to 1%.

DURABLE HOUSING

Available in one-, two-, three-, and four-head configurations, the Array™ housings are inherently Chicago Plenum, IC, IP20 and IK08 rated. The integrated safety cable provides optimal security.

INTERCHANGEABLE PLUG-AND-PLAY MODULES

Modules plug into Solais' proprietary sockets quickly and easily, allowing for up to 45° of aiming, 359° of rotation, and $2\frac{3}{4}$ " of intuitive vertical tension per head for optimal adjustability. Solais' custom TIR optic platform ensures excellent light control — *harmonizing your point source™*.

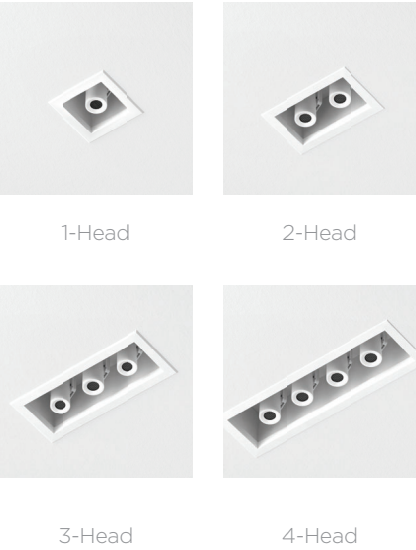

The perfect combination of versatility, performance, and elegance
