

DROPLIT

ARCHITECTURAL PENDANT

REFINED AMBIANCE

CREATED BY SOLAIS

SOLAIS[®] introduces

DROPLIT

NDR • SDR • MDR

The Droplit™ family of surface mount pendants meets the scrutiny of designers by upholding a calm, inviting elegance through its minimalist aesthetic, ensuring itself as a perfect solution for any environment. Similar to its LUCIE™ trackhead counterparts, this family of fixtures bears a robust and modular design allowing for easy and accessible installation.

Furthermore, this collection of luminaires features the new *Solais Signature Series*™ of finishes, making it one of Solais' most versatile products to date — in both design and materials. The Droplit is part of Solais' latest wave of architectural innovations, integrating form and function with state-of-the-art light control and performance.

Ratings + Certifications

- Meets California Title 24 + JA8
- IP20 and IK08 rated
- UL listed for dry and damp locations (E485648)
- Contains no lead or mercury

INTEGRATED DRIVER

Solais' proprietary driver technology fits directly into its canopy to deliver smooth, flicker-free dimming (per IEEE 1789-2015) to 1% via phase-cut or 0-10V controls.

ARCHITECTURE GRADE INSTALLATION

Mounts to standard 4" junction box. Discreet and tall canopy options available dependent on model, driver, and lumen package selection.

DURABLE CONSTRUCTION

Built with fortitude, the Droplit is made of die-cast aluminum alloy for optimal thermal performance. Being IC, IP20 and IK08 rated—meeting California's Title 24 + JA8 standards—this luminaire ensures a strong resistance to wear inside and out.

INSTALLATION VERSATILITY

Features an easy-to-use twist-on construction that includes accommodation for up to two accessories, plus a snoot. Snoots available in either matching finishes or acrylic construction for diffusion and an element of up-light. Custom snoot colors and lengths available.

INTERCHANGEABLE PLUG AND PLAY MODULES

Utilizing Solais' Lucie™ technology, modules plug into proprietary sockets quickly and easily, allowing optimal flexibility to streamline maintenance. Solais' custom TIR optic platform ensures excellent light control, with the latest in optical materials, and beam control that is smooth, clean and precise; *harmonizing your point source™*.
